SINGLE COPY 10¢

DON CALDWELL

ROBERT MAGEE

BILL TERRY

## School Board Announces Three Major Promotions

Three promotions were announced at last Wednesday's meeting of the Bay St. Louis School Board. Don Caldwell, district superintendent, announced the promotions of Mr. Don Caldwell, former high school principal, to assistant superintendent; Mr. Robert Magee, junior principal, to high school principal; and Mr. Bill Terry, social studies teacher to high school principal.

Mr. Caldwell is a graduate of the University of Mississippi, received his Bachelor of Science in mathematics at the University of Southern Mississippi, Hattiesburg, in 1960, and Master's Degree in Education from U.S.M. in 1968. He has completed sixteen hours credit post-graduate study. He taught for three years in Jones County, and came to Bay St. Louis as a math teacher and basketball coach in 1968. He became high school principal in 1968.

Mr. Magee is a graduate of the University of Mississippi, received his Bachelor of Arts degree in 1963, and began teaching in the Bay St. Louis system in September. He received his Master of Education degree in 1968 from U.S.M. Presently he resides in Bay St. Louis with his wife, the former Kathleen Schaefer.

## Region Forms In Waveland

After Hurricane Camille ravaged and varied lights have been, one of the newest in American Legion Post 77 Waveland, Miss. The Post is in honor of three deceased members of the Armed Forces, all from Waveland. The Post is being formed by the members of the Bourgeois-Ray-Stoffel for many years, the American Legion has been known as a place where men and women can find a place to belong.

The presentation of the charter and the installation of the officers will be announced in the very near future. Get to know your American Legion. It wants to know you.

Mr. Terry is a graduate of the University of Mississippi, received his Bachelor of Arts degree in 1963, and began teaching in the Bay St. Louis system in September. He received his Master of Education degree in 1968 from U.S.M. Presently he resides in Bay St. Louis with his wife, the former Kathleen Schaefer.

## Beach Road Renovation Main Topic At Capitol

NEIL A. ARMSTRONG, first human to set foot on the moon, is shown taking a close look at one of the lunar samples brought back to earth during the historic Apollo 11 lunar landing. This sample -- walnut in size -- will be on display at the National Aeronautics and Space Administration's Mississippi Test Facility here Thursday through Sunday, February 19-22. (NASA photo.)

## Rock From Moon To Be Displayed Here

The MOON ROCK, scheduled to arrive for display on the ground floor of the Central Control Tower at National Aeronautics and Space Administration's Mississippi Test Facility, is about as big as a walnut and probably four billion years old. This information was released by Jim Henri, public relations official at the site who said: "Of course this rock will be under guard at all times and related information will also be on display." The general public is invited to come to the Central Control Tower on Thursday afternoon from 3:00 p.m. or on Friday through Sunday from 9:00 a.m. through 3:00 p.m. In addition two movies will be shown in the auditorium giving the thrilling story of the

moon landing. Henri says visitors should plan to spend an hour in order to see the displays and the movies as well as the moon rock. Sent from Huntsville, Alabama, this rock will be shared through NASA establishments for the edification of the general public. The rock has been through quarantine procedure and has undergone a series of tests made scientifically. Although the appearance of the stone may lack luster, the brilliant space knowledge developed as is evidence through the return from the moon with the rock dms the dazzle and glitter of the Hope Diamond.

Renovation of the Beach Road from Jourdan River to Bayou Caddy, will be one topic of discussion this week when the County Board of Supervisors visit the Bureau of Supervisors in Washington, D. C. In the nation's capitol primarily to participate in a six county program, designed to bring economic relief to the state's Hurricane Camille damaged areas, the supervisors plan to squeeze as much value as possible out of the trip. Prior to the big Economic Development Administration session, scheduled for Thursday, the supervisors will seek solution to the Beach Road rebuilding problem, tackle the Corps of Engineers of the Bayou Caddy project, and call on the Department of Labor in an attempt to have a Washington veto put on the decision made to close the Hancock County office of the Mississippi Employment Service.

## Port and Harbor Commission Discuss Operation Problems

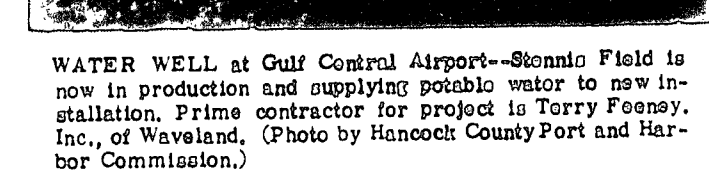

When the meeting of the Hancock County Port and Harbor Commission began last Thursday night, Russell Elliott, Chairman of the Hancock County Board of Supervisors stated that the Board was meeting Monday in Washington, D. C., to confer with Federal officials regarding reconstruction projects for the hurricane damaged area. Elliott said he hoped at least one or more member of the Port and Harbor Commission could accompany them. Michael Haas, Commission attorney strongly recommended that a formal resolution be passed, to pay the Board's expenses out of the Commission promotional funds. A motion to that effect was unanimously passed.

Shortly before the meeting began, Russell Elliott told this writer that representatives of the Port and Harbor Commission and the Bureau of Public Roads had requested a confidential session with the Board. The reason, he said, was because they did not have authority at that time to make any commitments. He did state that they had expressed optimism that funds can be made available for the reconstruction of the Beach Road, and between St. Charles and Main. In response to this writer's question, he said he was optimistic that Federal funds could be obtained.

Supervisor J. C. Maufrey added, "I object to that," evidently in reference to a story in last week's echo, entitled, "Supervisors Hold Secret Meeting." It was an executive session. I don't think there's any major committee like that which doesn't have to meet privately once in a while."

A letter from Terry Feeney, owner of the local Feeney Construction Company requesting partial payment on a contract with the Port and Harbor Commission was read and presented by Chairman Donald Landry. The Commission stated it could not act on the request because it was not addressed to them, but to the Michael Baker Corporation who designed the Port Facility. Feeney insisted that he had always addressed requests to Baker, and he thought the contract called for it. Cecil Palmer, a lawyer representing the Baker firm, stood up and said that this was not the case.

"Well, all I know is - I am not getting paid!" Feeney said in a loud voice. "The request you have there is for payment number five. I also have not received payments three and four, and I am about to go broke because my bonding company now refuses to bond me for any other job." The Commission said this was the result of a recommendation by the Michael Baker Company. "Him?" asked Feeney pointing to Palmer; "what does (Cont. on Page 5-A.)

WATER WELL at Gulf Control Airport-Stennis Field is now in production and supplying potable water to new installation. Prime contractor for project is Terry Feeney, Inc., of Waveland. (Photo by Hancock County Port and Harbor Commission.)

## Camille Victims Appeal To Congress For Rebuilding Aid

A strong delegation from the Hurricane Camille ravaged area of Mississippi is today delivering an appeal for rebuilding aid to the combined Senatorial and Congressional state representation in Washington, D. C.

Spurred on by an apparent failure of the Economic Development Administration to seek additional appropriations for disbursement in their counties, officials of Hancock, Harrison, Pearl River, Stone, Lamar, and Jackson, are asking for a four point legislative attack to, as they say in their prepared presentation, "... correct a situation gone wrong."

The resolution, outlining the legislation, was presented to, and endorsed by the Governor's Council on Feb. 4, in Jackson. At this time a firm bid was made to have the council send a member of their organization with the coast county forces, a request later amended in favor of the endorsement.

## Colmer Announces Redevelopment Plan

Congressman William M. Colmer (D-Miss) announced today the approval of three comprehensive planning and development grants for the Mississippi Research and Development Center work on the Gulf Coast.

The project areas involved are: \$30,000 for the beach of Pass Christian and Long Beach; \$22,768 for the beach of Ocean Springs and \$30,188 for the beach of Hancock County and Gulfport Bay St. Louis and Waveland. The Research and Development Center will assist in the development of meaningful comprehensive plans for the damaged areas in preparation for their reconstruction.

"I am very pleased to announce these planning grants for they represent a great step forward in the reconstruction of our Mississippi Gulf Coast," said Congressman Colmer. "We all look forward to the coordinated information that will be available to these areas upon the completion of these studies."

## Congressmen Protest ASA-MTF Mothballing

Senator James Eastland and Senator John Stennis of Mississippi in a letter of Feb. 12, responded to the urgent telegraphed to Washington, D. C., last week by the mothballing of the Mississippi Test Facility. The scheduled cut-back at NASA operation also drew the attention of Senator Birch Bayh, Public Works Committee Chairman, and the Senate Committee on Labor and Human Resources, which is currently studying the bill to establish a National Aeronautics and Space Administration. The bill is currently being considered by the House of Representatives. The bill is currently being considered by the House of Representatives.

Board of Supervisors, who filed the original telegrams signed by all the supervisors, the reply goes on to state, "In the meantime, I am advised by White House sources that they are making every effort to locate other sources of employment during this phase-out period and have them ready to move in when the mothballing time arrives. I understand there is some prospect of this. NASA and the Administration, I believe, are both acutely aware of the situation and are working with your delegation to try to relieve the impact that might result from the closing of this facility."

Senator Stennis replied, "I assure you of my deep and continued concern about Mississippi Test Facility and am commending all possible efforts to the facility will continue to operate with some active federal programs. This top priority matter is having my daily special attention."

Senator Bayh, after outlining his appreciation of the situation and his understanding of the concern being expressed by the supervisors, stated, "Unfortunately, the Administration and Congress both have apparently decided that the space program during this period of inflation must be somewhat curtailed."

"In the final year 1969 NASA had available about \$4.2 billion whereas this year it will have around \$3.8 billion. For fiscal year beginning July 1, 1970, President Richard Nixon has asked for only \$3.3 billion which is a stable reduction. It is too early yet to determine what level of funding will be approved by the Authorization and Appropriation Committee of the two houses for (Cont. on Page 5-A.)

## Hancock Hospital Full To Capacity

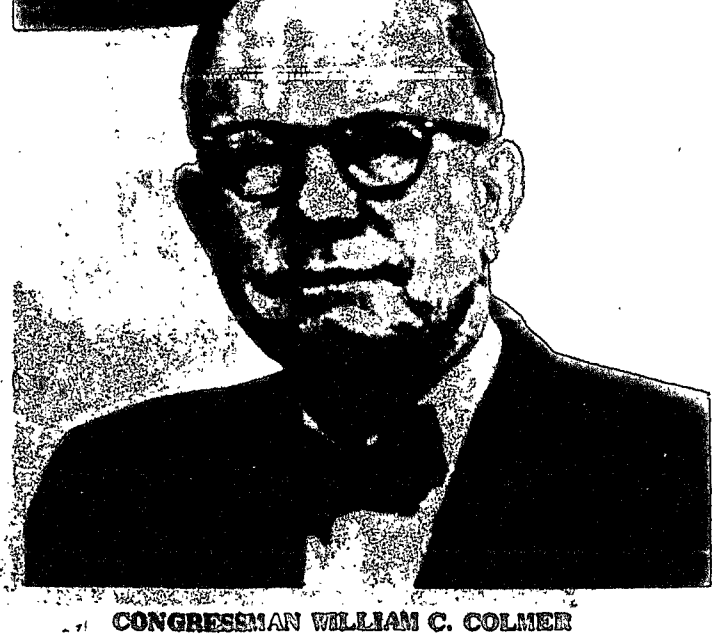

The Hancock General Hospital for the past two weeks has been operating at full capacity. According to J. J. Blackledge, general manager of the hospital, "There are quite a few cases of influenza and some with pneumonia in addition to a variety of other conditions," explained Blackledge.

On Tuesday evening there was a meeting of the Hospital Board with the attorney and all board members in attendance. Advertisements had previously been published inviting bids from contractors on work to be done to make damaged repairs to storm-damaged hospital facilities. At the meeting only one bid was submitted and it was later withdrawn. "This means the work will be closed down by at least a month," said Mr. Blackledge.

Chief Goodsell said the police have been instructed to bear down against those offenders who dump trash or beer cans and bottles along the highway and the streets within the city. Goodsell said: "We would like the cooperation of the people of Bay St. Louis. Should anyone see a person throwing trash from a car on the streets, he should report it to the police, giving the time of day, the day of the month, and the license number of the automobile. There is a \$25 fine for anyone caught littering the streets and highway. People driving cars are asked to keep a pencil and paper in their cars to accurately note license numbers of offenders. The police department is eager to apprehend these offenders."

Goodsell said there had been a sharp increase in the number of reported break-ins, however, most frequently taken from homes are major appliances such as television sets, radios, and stereo sets. Goodsell said it is very difficult to identify and trace these items unless police are furnished pertinent information such as serial numbers, makes and models. "It would be a good idea for home owners to keep a list of their appliances together with their serial numbers," said Chief Goodsell. He also feels it is wise to take added precaution in locking up before leaving home. Keep your police number handy by your telephone and report any suspicious characters. Your city police department functions on a twenty-four hour basis for your protection and security.

Chief Goodsell said the police have been instructed to bear down against those offenders who dump trash or beer cans and bottles along the highway and the streets within the city. Goodsell said: "We would like the cooperation of the people of Bay St. Louis. Should anyone see a person throwing trash from a car on the streets, he should report it to the police, giving the time of day, the day of the month, and the license number of the automobile. There is a \$25 fine for anyone caught littering the streets and highway. People driving cars are asked to keep a pencil and paper in their cars to accurately note license numbers of offenders. The police department is eager to apprehend these offenders."

CONGRESSMAN WILLIAM C. COLMER

MR. AND MRS. G. M. DAINES  
Wedding held on February 14, 1970

### Pink and Blue Shower Given

A pink and blue shower was given Sunday afternoon by Mrs. James Austin Jr. and Miss Owen LaFollette at the Austin home honoring Mrs. David LaFollette.

A cake trimmed with pink and blue flowers, miniature dolls, baby shoes, and a quilt, was served by the hostess.

The honoree and her mother, Mrs. Austin Sr. and Miss Owen LaFollette were each presented a pink and blue quilt.

Coming from out of town for the occasion were Mrs. David LaFollette and Mrs. Donald Moran of Dallas and Mrs. C. J. Robinson of Gulfport.

### Breeding with Brenda

NOTED FROM PEARLINGTON  
by DIENIDA ANDERSON  
553-7074

Congratulations to Mr. and Mrs. J. C. Keenon who reigned as King and Queen at the St. Joseph Academy Carnival Ball held on Friday, February 6.

Very special birthday wishes go to Mrs. Emma Dean who celebrated her birthday on Friday, February 6. Mrs. Dean is 63 years young.

Mrs. Helen Lee is home from the Crosby Memorial Hospital in Piquette after her bout with the flu.

New personnel in the Charles B. Murphy School Cafeteria are: Mrs. Fronzies Lott and Mrs. Lucille Bello. Mrs. Lott (or Grassy Lott as she is locally known), is serving as lunchroom supervisor.

Deepest sympathy is extended to Mrs. Walter Hardin, whose father passed away in Jackson last week.

### PISCES

Sign of the Fishes  
February 20 to March 20

Those born under this sign are dreamers. They may have psychic dreams, memories of clairvoyance and the ability to see into the minds of others. They are dreamers, on occasion, to others' discomfort. Your confidence can encourage inner confidence. You are attracted to things connected to the sea and to the service of others. You are adept, too, at not working. You are both affectionate and passionate, completely giving to any and all and assume others are like you. You control those around you by induction, hardly realizing onetime that you're doing it.

Particularly birthday wishes go to: Sarah Anderson (9), January 28; Debbie York (17), March 14; and a belated greeting goes to James Lee who celebrated her birthday on February 14.

Cat will wishes are extended to Mr. Percy McKean who is in the St. Joseph Memorial Hospital.

Due to the many cases of flu and chicken-pox, the regular meeting of the Pearlington P.T.O. has been postponed indefinitely. Cat will wishes go to those who are suffering with the flu.

Mr. and Mrs. Ed Broland attended the coronation ceremony at the St. Joseph Academy Carnival Ball, February 6, where their daughter, Nell, and son-in-law, J. C. Keenon were crowned King and Queen.

**GOD, GIVE US MEN!**  
Dr. Joseph Elbert Holland

God, give us men! A time like this demands strong men, great hearts, true faith and steady hands; Men whom the best of cities does not fail; Men whom the spirit of cities cannot buy; Men who possess wisdom and a will.

### Bay Student Attends Washington Symposium

Jules Albert Lagarde, a senior at St. Stanislaus High School Bay St. Louis, arrived in Washington, D. C., today to participate in A Presidential Classroom for Young Americans. As one of only 300 selected students from high schools throughout the United States, U. S. Territories and Department of State and Defense dependent schools abroad, he will spend a full week studying government under the tutelage of high-ranking government officials.

Jules, son of Mr. and Mrs. Frank W. Lagarde, Bay St. Louis, is attending the last of five sessions this year. Arriving in Washington, students were greeted by Charles G. Allison, Chairman of Presidential Classroom; the 1970 Dean of Women, Mrs. Dobbie (Bryant) Wilson, Miss America 1966; and Dean of Men, Daryl Lamonica, star quarterback back for the Oakland Raiders.

All American high schools were invited to participate in A Presidential Classroom, and were all schools in U. S. Territories and State and Defense Department dependent schools abroad. Because of space limitations, only four students -- each chosen by his school principal -- can be accepted per Congressional District. This further assures, however, that the student body will truly reflect all the various economic, racial, cultural, and religious backgrounds of American youth.

While attending the Classroom, students will stay in specially-prepared quarters at the Shoreham Hotel. Twenty-two academic seminars have been planned -- each led by officials from all areas of American government as well as members of the Washington Diplomatic and Press Corps. The schedule will also include "calls" on numerous government agencies and an opportunity to meet with and question representatives of the three branches of government.

Five classes of 366 students each were scheduled this year beginning on February 14, February 21, February 28, March 7 and March 21. Each week's study concludes with a final examination and a graduation banquet, featuring a major speaker, musical entertainment and dance. Diplomas for the week's work are awarded following the program along with individual class yearbooks.

This year, each of the 50 States and four U. S. Territories are represented by participants as are overseas schools in Argentina, Italy, France, England, Germany, India, Japan, Mexico and Nicaragua.

The cost for each student attending the classroom is \$200 plus transportation to Washington. Most students who attend, however, are sponsored by local clubs and organizations including Rotary, Lions, Kiwanis and school P.T.A.'s. Thus, students are expected to make a full report to their sponsors upon returning home to share the knowledge and experience they have gained.

### B-W Garden Club To Repair Center

Mrs. Clarence Evans, president Bay-Waveland Garden Club, announced at last Thursday's meeting the Club had received an insurance settlement on the furnishings in the Garden Center.

A newly appointed committee, headed by Mrs. Reuben Gray, is working with city officials for rehabilitation of the Center on Leonard Avenue.

A program on orchids was presented by Mrs. Augustus Elmer who raises the exotic tropical flowers in her green house. Mrs. Elmer accompanied her discussion with color slides of the blossoms.

**QUEEN OF HEARTS** - Three girls nominated for the Heart Fund's 1970 Queen are (L-R) Debbie Blackledge, Ann Miller, and Cindy Wolfe. Debbie, of Bay Senior High, is active in the band as a major solo and drill master. She enjoys swimming, dancing, piano, and yoga exercises, and is a member of the French club. Ann (center), also of Bay High, a sophomore, lists as her hobbies: snow and water skiing, sewing, and tennis. Cindy Wolfe is a student at Coast Episcopal High School, and was recently elected secretary of the "Candy Strippers" at Hancock County General Hospital.

**JOHN PICARD** and **MICHAEL PHILLIPS**  
TWO STUDENTS of St. Stanislaus High School (John Picard, left, and Michael Phillips) served as pages in Jackson, Mississippi, during the recent legislative session from Feb. 9 - 13. They were sponsored by Mr. Walter James Phillips. Both boys are seventh graders at St. Stanislaus. John is the son of Mr. and Mrs. John Picard, Louisville Garden Apartments in Bay St. Louis, and Mike is the son of Mr. and Mrs. Walter J. Phillips of Louisville Garden Apartments in Bay St. Louis.

### Ivors To Head G.E. Project

John C. Ivors has been named Manager-Socioeconomic Projects Operation for the General Electric Co.'s Management and Technical Services Department, headquartered at Bay St. Louis, Miss. His recent appointment was announced by John R. Picard, General Manager of the Department.

Mr. Ivors joined GE-MTSD in December, transferring from the GE Apollo Systems organization at Daytona Beach, Fla. In his new position, Ivors is responsible for his department's current and future work in socioeconomic projects including operation of a VISTA training center, design and es-

tablishment of management systems for urban, rural and regional operations, planning and special studies.

Mr. Ivors, 46, is a native of Wichita Falls, Tex. He earned degrees in mechanical engineering and marketing from the University of Colorado before joining the General Electric Aircraft Gas Turbine Division in Evendale, Ohio in 1950. He subsequently has served GE and customers in sales and marketing of flight propulsion, scientific satellite and commercial jet engine equipment, and in personnel management.

He and his wife, Clarice, their son John, and daughter Susan reside in Slidell, La.

### BAY HONOR SOCIETY

The Bay Senior High chapter of the National Honor Society held its monthly meeting February 6. Among various matters attended to was a resolution to send the five officers of the Chapter to the state convention in Vicksburg March 6 and 7.

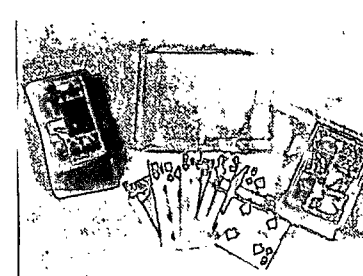

### FOREST FIRES

The Forest Fire report for Hancock County indicates there were 24 fires which burned 640 acres during the week of February 9 - February 15.

### Local Man Elected Assistant Secretary

Thad Hoke, son of Mr. and Mrs. T. C. Hoke, 116 Camella Dr., Pass Christian, Miss., has been elected an assistant secretary of manufacturers Hanover Trust Company.

Mr. Hoke, born in Bartlesville, Okla., is a graduate of Texas Christian University, the American Institute of Banking and the School of Bank Public Relations and Marketing. Prior to joining Manufacturers Hanover in 1968, he was an assistant cashier with The First National Bank of Fort Worth, Texas. He and his wife live at 84 Seaside Ave., Stamford, Conn.

In Hancock County, Pass Christian, Portchartrain, Piquemore  
and Service Parsonage \$4.00 per year  
Elsewhere in Mississippi and Louisiana \$5.00 per year  
All other parts of the United States \$6.00 per year  
All other parts of the United States \$6.00 per year  
75th Year of Publication, Mississippi Press Association.  
Entered as second-class matter at the Post Office at Bay St.  
Louis, Miss., 39520 Under the Act of March 3, 1879.

### OUR OPINION

## OFFICIALS MUST OBEY THE LAWS.... IF WE ARE TO HAVE A BETTER COMMUNITY

This is America we live in... In last week's newspaper, an editorial cartoon concerning the newest county facility - A STOCK-PEN, which is under construction at present in defiance of a Bay St. Louis Ordinance, which is reproduced as follows:

Sec. 5-4. Livestock, fowl not to be kept.

It shall be unlawful for any person to keep or allow or permit to be kept any livestock or fowl on such person's property within the city.

Informing the public on this matter came to have available came people in this community.

This week's objection was raised by an elected county official... The HEALTH and WELFARE of this newspaper publisher was threatened by Emilio Pizano, Hancock County Coroner and Ranger - who has assumed the responsibility of constructing this STOCK PEN on his property located at 418 St. Charles Street, Bay St. Louis.

Mr. Pizano came to the office of the Sea Coast Echo to tell the publisher that he didn't like the editorial cartoon in last week's newspaper, and that he (the publisher) had better lay off him.

After explaining to this man that the cartoon was only in objection to the STOCK PEN being placed in the city limits, this elected county official continued to say to the publisher that he had better never say any more about him.

The citizens of this community should be aware of what is taking place - it affects the lives of everyone. This newspaper is dedicated to the people of the community it serves - WE OWE IT TO OUR READERS TO "TELL IT LIKE IT IS" - WE WILL CONTINUE TO DO THIS REGARDLESS OF THREATS FROM ANYONE.

The press will not be approached from news and editorial content IN ANY FORM.

Originally the need for the STOCK PEN compound was discussed and decided upon to be built by the Hancock County Board of Supervisors. The endorsement of the county vice clerk had seemed to have created a problem in that a facility would be needed to keep in company the stock that was running loose in the county. The Board of Supervisors had selected Emilio Coroner and Ranger Emilio Pizano for this duty. Mr. Pizano expressed his vision to the board that for it to be successful for him, he would locate this on his property in the city in Bay St. Louis where he could better take care of his duties.

Objection was raised by the city officials of Bay St. Louis, including Mayor Warren Carver, Commissioner Andre Arceneaux and Commissioner William Franks. The Board of Supervisors decided to let this matter be settled by the attorney general of the State of Mississippi.

On this matter, the attorney general's opinion was rendered in writing to the Board of Supervisors, THAT THE CITY ORDINANCE ON THE BOOKS OF BAY ST. LOUIS WOULD PREVAIL IN THIS MATTER.

It seems that our city elected officials are not willing to take an aggressive attitude in the total enforcement of the ordinance on the books.

THE NEWSPAPER IS NOW ASKING OUR DUTY ELECTED OFFICIALS TO TOTALLY ENFORCE THE LAWS OF THIS COMMUNITY. IF THE ORDINANCE IS TO REMAIN ON THE BOOKS, THE ENFORCEMENT OF THE ORDINANCES SHOULD BE IMPLEMENTED IMMEDIATELY.

We realize that stock and fowl have been sold over town.

WE NOW ASK THE CITY ADMINISTRATION TO TAKE ACTION TO ENFORCE THE LAW TO THE FULLEST EXTENT OR TO TAKE THE ORDINANCE COMPLETELY OFF THE BOOKS.

### Eugene Smith

Eugene Smith, 67, a native of Hancock County, and a resident of Gulfport for the past five years, died Wednesday, February 11, at Gulfport Memorial Hospital where he had been a patient for four days.

Mr. Smith was a retired mechanic for Jay-Jay Chevrolet and Buick Company and a member of the Baptist Church. Survivors include a daughter, Mrs. Vera Froelich, New Orleans; a son, John L. Smith, Norfolk, Va.; two sisters, Mrs. Annie Lander, Pass Christian; and Mrs. Ruthie Moran, Bay St. Louis.

Funeral services were held at 2 p.m. Sunday at First Baptist Church, Kila, with Rev. Alonzo Dees officiating. Interment was in Kila Cemetery.

### Mrs. Ozella Saucier

Mrs. Ozella Saucier, 70, of DeLaware, Community, died Sunday morning at Gulfport Memorial Hospital where she had been a patient for 10 days. A native of Louisiana, she resided on the Coast for 47 years. She was a devoted mother of five children and a devoted wife. Survivors include her husband, Thomas Saucier, DeLaware.

## OUR PUBLIC OFFICIALS MUST PREVENT THIS..... IF OUR COMMUNITY IS TO ATTRACT PEOPLE AND INDUSTRY

(Obedience To The Law Is Basic In American Life)

COUNTY STOCK PEN being built on St. Charles Street, Bay St. Louis, in defiance of a city ordinance prohibiting livestock in the city limits. Sec. 5-4 of the city ordinance reads as follows: It shall be unlawful for any person to keep or allow or permit to be kept any livestock or fowl on such person's property within the city.

### Waveland Man Escapes Death Tues.

O. G. Allen, a retired resident of Waveland, narrowly escaped death on Monday evening after a little after seven o'clock when during a drinking spree, he slipped and fell on a sidewalk near W. A. McDonald & Sons and landed on his head. He was taken to the hospital where he remained for several days. He is now recovering and is expected to be discharged soon.

### CLOSED TWICE A WEEK

Mrs. Carl Linder, Secretary, Hancock County Board of the Selective Service System announced Monday that the Bay St. Louis office of the system would be closed on Wednesday and Friday for an indefinite time. Due to a shortage of clerical workers in the Gulfport office, Mrs. Linder will have to close the office on Wednesday and Friday.

### EUROPEAN VACATION

Mr. and Mrs. Jan Brammeyer of Waveland are now vacationing in Europe, visiting occasionally in Switzerland and Holland. Mrs. Brammeyer writes: "With every one in Bay St. Louis come and see -- and be impressed with the cleanliness. In no place do you see any trash, from the smallest hamlet to the city streets is not even one scrap of paper. I am continually amazed."

### AT MUSIC WORKSHOP

Mrs. John McKenna, of Bay St. Louis, gave the welcoming address last weekend to the Sacred Music Workshop held in Jackson. The workshop was sponsored by Father Joseph Schwaegerl, of the National Catholic Music, Education Association, and the Rev. Patrick Farrell, executive secretary of the Diocesan Liturgical Commission. The workshop concentrated on the role of the choir, cantor, song leader, and organist.

### TICKETS ON SALE

The St. Rose de Lima Church bulletin this week states that tickets for the ball, sponsored by the Youth Center Conference, are now on sale. Contact Mr. Robert Bradley for tickets. It states:

### Our readers write

Editor, Sea Coast Echo:

Wow! the letters from the "grass roots," our people, our so called "silent majority," our hard working tax payers are apparently waking up and speaking up and out, for their abused rights and the inhumanities experienced by them, from their fellow men.

It was thrilling to read their letters. They should also write their Congressmen and Senators. When those in positions of power and authority see the voters can't be hoodwinked and are becoming vociferous over the way their tax money is being used or wasted; perhaps this on-coming tax rebellion may bring the proper reform and justice it calls for.

Some years ago, I was riding in various sections of Hancock County, and we came upon in clear view a modern, lonely unoccupied brick built school, apparently cast into "limbo." Shouldn't sound odd saying "modern", when this was only about six years ago. We inquired of the natives why this wasn't used for useful and beneficial events for its community, such as a library, or for teaching retarded children. Not one of the natives seemed to know why it had become abandoned, and less interested in its ultimate deterioration.

This sort of construction waste is going on all over our great country. The following may sound like going off the beaten track of my original subject, however, it is one of those wrongs of injustice to the tax payers, such as when we view the long lines of cars waiting for brains in New Orleans, and politicians could right this wrong by building more stations for this service and hiring more men. Their reply is always, "lack of money," yet, millions of dollars will be going into a Dome Stadium. Always the Playthings come first and the essentials in life come last.

MRS. ELEANOR McFEE

Waveland, Miss.  
39576

### EASTER SEAL

Mississippi Easter Seal Society have announced the date of the 1970 campaign, which begins February 23 and continues through March 20, 1970.

### CANDY STRIPERS TRAIN

Hancock County General Hospital Candy Strippers will conduct a training class for new members at 10 a.m., Saturday at the hospital. Girls interested in the program are asked to contact Mrs. C. McDonald, Sr., Candy Stripper Advisor, at 457-04 or Barbara White at 533-275.

Editor, Sea Coast Echo:

Having recently joined the group who have had things stolen from their home-place, I felt the need to say a few words to a lot of people.

For most of us, I feel sure, it is a real shock to find that there are people in our community who will go to a house while the residents are out and help themselves to whatever they feel "a need" for.

When this happened to a big-footed man, with a car, a ladder, helped himself to a television aerial that was fastened to the roof (too bad) dog was away too as he put it into the dog's yard to go to a basket full of coals. He left the basket and missed one wrench.

It seems to us the one way to slow down this kind of stealing would be for neighbors to alert each other when they are going to be away for awhile. Then, if someone is up at the neighbor house, a at-home neighbor could port this to the police, who are ready, willing and able to take the necessary action.

When so many of us have lost so much rampant nature, it is sad to see more and more to grow human nature. Since,

L. P. Hilliker  
(Mrs. Wm. P.)

### COLLEGE OPEN

Phillips College, a college held open ribbon cutting ceremony Tuesday. Gerald C. president gave a address; Dr. John Taylor, First Baptist, Gulfport, gave the invocation; Mayor Philip Harrison, Bay St. Louis, gave the address; and the college opened its doors to the community on March 17, 1970, on the corner of Pass Road, Gulfport.

### WARE OF SIGHTS

Continue to be on the alert for those ever-present vandals who drive along Highway 90 and view the "scurry" of destruction. They drive a lot, and point out the spots of interest. They will not help -- if they or them in the future, more, they make a quest stops. And if you in the rear, you are really at fault -- they deserve it.

### Legal notice

INVITATION TO BIDDING

The Board of Trustees Hancock General Hospital receive bids until March 17, 1970, on the plans for the Hancock General Hospital.

Specifications for can be secured from Engineers, Inc., 1111 Road, Gulfport, Mississippi. The Hancock General Hospital, Bay St. Louis, Mississippi.

All bidders with regulations of the Board of Public Health established under the laws of 1952, Mississippi.

The contract will be awarded to the lowest bidder and the Board of Public Health reserves the right to accept or reject any and all bids without any obligation.

BOARD OF PUBLIC HEALTH

HANCOCK COUNTY, MISSISSIPPI

## Fire Dept. Answers 7 Calls in 2 Weeks

The Bay St. Louis Fire Department answered the seventh alarm in two weeks, Fire Chief Edgar Ladner announced today.

The seventh call, handled by Fireman Floyd Page, was from Mrs. Genevieve Mollero, of Julia Street, Bay St. Louis, at 12:23 p.m. Tuesday afternoon. Firemen arrived just in time; when the fire was finally subdued, it had done approximately \$2,400 damage to the exterior of the home house, and about \$600 to the contents.

Cause of the fire was uncertain, but may have been the

## FACULTY KETBALL

## Port & Harbor...

(Cont. from Page 1-A.)

Palmer replied calmly that he had to do with an alleged failure on Feeney's part to complete the work within the time required by contract. The work, he said, was scheduled to have been completed in August but because of the hurricane, Feeney was granted a 30-day extension.

"Yeah, thirty days," Feeney retorted. "Moving that because of the hurricane, I couldn't possibly get the deal in here before December 30. So he (pointing to Palmer) recommends thirty days! And this Commission approves it?" Feeney gestured with a sweep of his hand and rolled his eyes to the ceiling.

Heavy arguing back and forth began at this point, and several voices were inaudibly heard. Finally, it was explained that partial payments numbered three and four on Feeney's contract had been disbursed by action of the Hancock County Board of Supervisors. The supervisors said the commission, having final authority on all such matters.

"Do you do this on every contract?" asked Feeney. Russell Elliott chairman of the Board of Supervisors, stated emphatically that he had brought the matter of delayed payment before the Board "at every session for the last three or four meetings," and invited Feeney to attend the next board meeting.

More arguing on this matter ensued, little of it understandable, until Commission Chairman, Donald Landry, requested that the Commission be excused to go into executive session. The public and the press were invited to leave.

Outside, some minor excitement was caused as the burglar alarm of the nearby Gulf National Bank went off. This reporter, followed by a few other persons, trepidly walked toward the front of the bank, hoping to see a robbery taking place.

Three city police patrol cars, with sirens blaring and lights flashing quickly arrived on the scene. It turned out to be a false alarm, much to the disappointment of the spectators.

News Editor, Jim Brown, and Lola Freeman, reporter for The Owl, stood in the freezing cold for one hour, waiting for the commission to return to regular session. Terry Feeney left after just a few minutes with a pointed finger injunction to Palmer. "I'll beat you on this if I have to take you into court with it?" Palmer looked at him squarely with no visible expression on his face. Later, Palmer was called back into the closed session.

Finally, at the request of amiable Port and Harbor Public Relations Director Neville Jacob, the wooden curtain dividing the meeting room and the Commission office was drawn.

for 14 years, teaching high school sciences. He came here in 1963 and served for one year as an administrative assistant. For two years, he served as Elementary school principal, and in 1966 became a Junior High principal. He is a member of the Mississippi Educators' Association, and is president of the local chapter, and is a member of Mississippi School Administrators.

In other business, the School Board approved unanimously a resolution to commence immediately with the lighting of the football and baseball fields, and directed architect Fred Wagner to proceed with plans and specifications. Also approved were two new classrooms to be built at the Valena C. Jones School, to be used also by the Hancock County Special Education class in Hancock County, which was destroyed by the hurricane. Also, due to what McCouch called the "insurance companies, who have refused to grant any more insurance to the system, the school board had to hire two night watchmen.

MTF be fairly accurate as of today, implications are that Bay St. Louis may lose an estimated number of employees, 1071 in Pearl River County; 531 in St. Tammany; 733 in Harrison and 477 in Hancock; 166 additional employees were lumped under the heading of "Other." A revised employee-location list is now being compiled for future publication. Should the figure 477 employees connected with

## Congressmen...

this program. I am sure however, that every consideration will be made to help relieve problems which may be caused locally by such reductions. Obviously, final determination of the particular facilities to be reduced in personnel will have to be made by the Director of NASA in relation to the overall program."

Senator Russell Long of Louisiana, a state also badly affected by the proposed cut-back of NASA activities, shared in the same opinions and also assured that Senator Allen Ellender of his state joined him in this concern, in expressing the mutual interests Long said.

"In this regard Senator Allen Ellender and I are working very closely with the Mississippi Congressional delegation, since the interests of the people of Louisiana are parallel to those of the citizens of our sister state."

Congressman Hale Boggs of Louisiana also wired the Hancock County group saying, "Appreciate your telegram and want to advise I will work with Congressman William Colmer to stimulate regrowth of activities at NASA MTF. I realize the importance of this facility and share your concern for its continuation."

Congressman McClellan had these words to add: "I share your concern for the economic well being of the Gulf Coast. Will be pleased to work with your able representatives William Colmer, to bring the MTF to life."

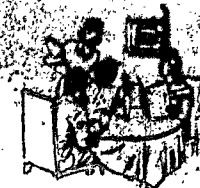

Congressman William Colmer said, "Thanks for your wire with further reference to your keen interest in the problem presented by the announcement of the termination of NASA facilities which mean so much to the economy of your people. I, too, am very much aware and concerned about the problem and the necessity for a continuation of its contribution to the economy of your county and adjoining areas."

My interest and efforts have continued since we first learned of some reduction. "Senators Stennis, Eastland, and I are continuing our best efforts to lessen to the fullest extent the tragic impact that would result from any attrition in employment. As you know, we are working on specific installations such as the Coast Guard, Oceanography Center, Department of Transportation experiments and the Gulf University's Research Project. This should not be construed as meaning that the reduction will not be substantial."

and the reporters were called back in to talk out. After waiting an additional half hour, the Commission still in executive session, Mrs. Freeman said, "Mr. Brown left, at 10:30 a.m."

Bride-Elect  
Honored With  
Shower Thurs.

Miss Mary Kay Dearing,  
bride-elect of Robert Fomell,  
was honored with a miscella-  
neous shower Thursday hosted  
by Mesdames Eugene Davis,  
Lillian Faye and E. O. Clark  
in the Davis home.

The bride's chosen co-  
lors, pink and white, were used  
in the decorations. The refresh-  
ment table, overlaid with white  
cloth designed with miniature  
umbrellas, held a cake with  
pink roses and a punch bowl  
encircled with pink roses and  
leaves.

Miss Dearing and her  
mother, Mrs. John T. Dearing,  
were each presented a corsage  
of white carnations.

The bride-elect was also  
honored with two recent show-  
ers, one given by Mesdames  
Glen Salboro, T. A. Toddard,  
J. A. Fillingame and Lamar  
Crosby. The Valentino theme  
was used in decorating this  
time for the occasion and  
gifts were presented from a  
box trimmed with lace hearts.

The honoree, who chose a  
red tulle gown, and her  
mother were given corsages  
carrying out the Valentino  
theme.

A pink and white color  
scheme was used when Mrs.  
M. L. Hill and Mrs. L. S. Pahl-  
man entertained at the Hill  
home. Spring flowers were used  
throughout the reception rooms.

Gifts were presented from a  
basket trimmed with a large  
pink bow.

The bride-to-be and her mo-  
ther received carnation cor-  
sages.

Miss Dearing and Mr. Fom-  
ell will be married February  
28 in the First Baptist Church.

## Rocky Hill - White Cypress News

By Jeanette Dream

255-7281

Mr. and Mrs. John L. Price,  
from Washington, D.C., came  
by to see Mr. and Mrs. Corne-  
lius Favre, on their visit to  
the coast and Mardi Gras. They  
had a ball grading eggs, and  
washing eggs.

The regular monthly meet-  
ing of the Hancock County Farm  
Bureau board of directors was  
held February 10, 1970 at Han-  
cock North Central School.  
Rome of interest which came  
before the board at this time  
were as follows:

Legislative Committee, re-  
ported on the district meeting  
held in Hattiesburg, on  
February 2, 1970.

The plan and specifications  
of the Farm Bureau office build-  
ing were reviewed by the board  
after some discussion on the  
two air and heating window  
units designed for the build-  
ing, a motion was made and  
unanimously adopted. That one  
large unit should be installed,  
instead of the two small window  
units. The one large unit would  
be cheaper to operate, and would  
be large enough to handle any  
additional enlargement of the  
building.

Mr. P. O'Quinn, Farm  
Bureau District Field Represen-  
tative, gave his report on the  
progress of the Farm Bureau  
in this district.

A ground breaking ceremony  
was set for Monday February  
16, 1970 at 11:00 a.m. on the  
Farm Bureau building site in  
Kila. Mr. Ed. Blake, and Mr.  
P.C.Y.C. Party

Commodore Fernand Mil-  
has, Jr. was host on Friday  
at a cocktail party given in the  
Pass Christian Yacht Club be-  
tween the hours of 7 to 9 p.m.

Building improvements and  
services for the club continue  
to expand, and on Saturday,  
February 21 members and their  
guests will be served a barbecue  
dinner of spare ribs, baked  
beans and tossed salad.

Atmees Antiques, formerly  
of 258 East Beach and destroyed  
during the hurricane, will  
soon reopen in the central sec-  
tion of the Pass Christian Yacht  
Club.

Birthdays Celebrated

Mickey Thatcher celebra-  
ted his third birthday Saturday,  
January 24th with a party at  
the home of his parents Mr.  
and Mrs. Dennis M. Thatcher.

Guests were Mickey's brother  
Darryl, Tamiko and Tommy  
Johnston, Shari Bourn, Rose-  
mary, Theresa, Nadine, and  
Angel Bourgeois, Chris and  
Kevin Smith, Amy Lynne Lad-  
ner, Curtis and Theresa Thom-  
as, Mmes. Susan Bourn,  
Edith Pucheu, Pat Ladner, Mr.  
and Mrs. Frank Smith, and  
Mickey's grandmother, Mrs.  
Geneva Johnston.

Latest report from Mrs.  
Aima Quintini, a patient at Han-  
cock General Hospital, is that  
she is doing nicely.

Joseph J. Scalfidi is re-  
cuperating at his home after  
minor surgery in a New Orleans  
hospital two weeks ago.

Mrs. Harold Hitt of Mobile  
has returned home after a visit  
last week with Mr. and Mrs.  
Frank Trapani.

Dr. and Mrs. J. D. Ruther-  
ford III of Dayton, Ohio, spent  
the weekend with their parents  
Mr. and Mrs. Rutherford Jr.,  
and Mr. and Mrs. Lucien Kidd.

# The Star-Post Echo

Combined with The Hancock County Eagle and The Waveland Advocate

BAY ST. LOUIS, MISSISSIPPI 39529 THURSDAY, FEBRUARY 19, 1970

PAGE 1

## Christ Episcopal Seeks New Designs

Christ Episcopal Church of Bay St. Louis through its Building Committee recently hired the J. Buchanan Blitch & Associates architectural firm to submit plans and an artistic concept for a church to be erected at 918 South Beach, according to The Reverend Charles Johnson, rector of the parish. Torrey Peensy and Waldo Boring, wardens, together with others of the vestry are members of the Building Committee and estimate the cost of the church will be in the neighborhood of \$200,000 and will seat between 200 and 300 people. The plans also include a Parish House.

Funds for building have been made available in part through a \$100,000 Small Business Administration loan to be repaid at 3% interest and over a period of 30 years. About \$70,000 in the fund coming from the most part from an insurance settlement. Contractors for the church have not yet been selected. It is hoped that building will be under way during the early spring.

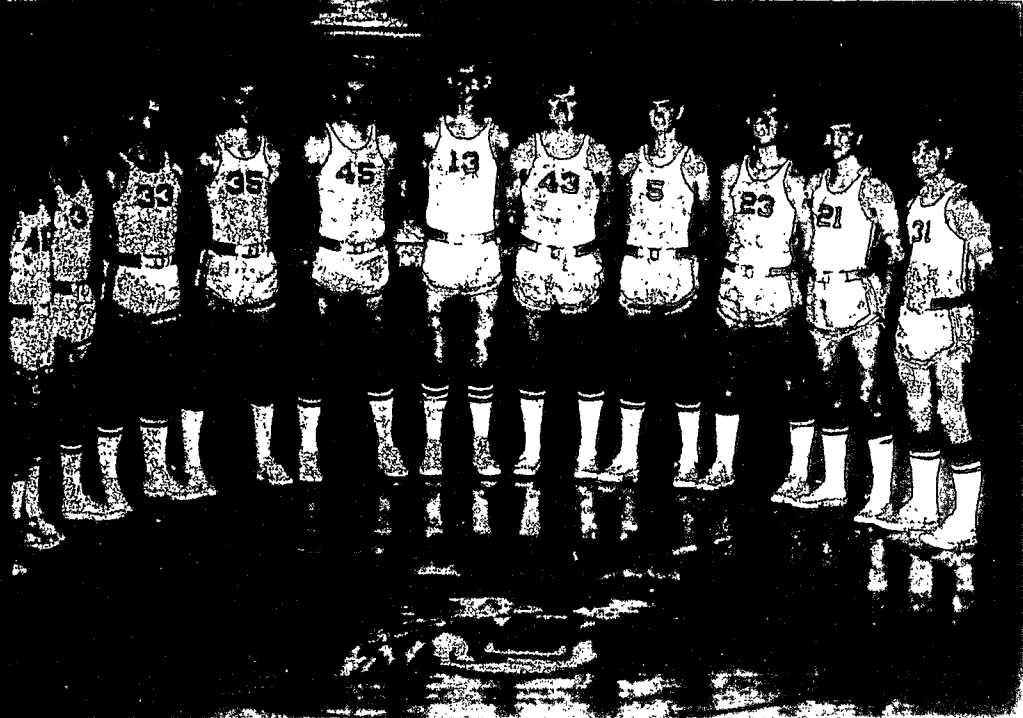

HONOR SOCIETY PLEDGE - Dan a Sallor Payard, Bay St. Louis Senior in the College of Education and Psychology at the University of Southern Mississippi, has pledged Alpha Sigma chapter of Pi Omega Pi. The unit is a national honor society for Business Education majors. The daughter of Mrs. Elzie Sallor of 307 N. 2nd, Mrs. Payard is a President's and a Dean's scholar.

APTITUDE TESTS from Juniors and Seniors of Hancock North Central and Bay High Schools are processed by Gloria Rollins and Joyce Jacob of the Mississippi Employment Service. The tests were given by members of the Bay St. Louis Employment Office staff.

SCENE from the musical "Oliver" to be put on by St. Ann's High School on Feb. 27-28. The play will be staged in St. Augustin's Seminary in St. Louis.

WILDCAT CAGE squad travels to Perkinston Monday night to represent Pearl River Junior at the South Division Tournament. They are from (L-R): Ricky Mills, Dale Morris, Simmons, Freddie Jordan, Wallace Carbonette, David Lawler, Richard Davis, Jim Lambo Freeman, Donna Wilson, Binnie Mitchell.

## City of Pass Seeks New Plans From Architect Firm

William Blitch & Associates architectural firm of New Orleans, La., has been selected by the Building and Planning Committee of Trinity Episcopal Church in Pass Christian to submit a design proposal for the reconstruction of the church, which was destroyed during Hurricane Camille. The group also asked

that an artist's conception of the proposed building be submitted for further study. This decision was announced by J. C. Watson, Senior Warden of Trinity Episcopal Church and following a Monday night meeting of the Vestry.

Mr. Watson said the secretary of the Building and Funding Committee, Mrs. Ducrose Stouse, submitted a letter to the Vestry in which the proposed invitation be sent. The Vestry voted unanimously to invite J. Buchanan Blitch & Associates.

Since late October of 1969 the Building and Funding Committee has met with several architects in an attempt to make a selection. Members of the committee include Durrie B. Hardin, rector, J. C. Watson, Senior Warden, Phil Whitmann, J. J. Hayden, Sr., Lewis M. Keens and Mmes. J. K. Davis, Ducrose Stouse, Hollis H. Crosby, and Stanford Morse.

It is the expressed wishes of communicants to rebuild Trinity in a Gothic styling and as much like the destroyed church as feasible.

Recently the church bell, made of pure bronze and weighing approximately 500 pounds, was taken from beneath a tree on the church grounds. An attempt to locate the bell is being made by police and a reward for the return of the bell is offered. This bell is well over a hundred years old, and it was hoped to use it along with other salvaged remains from the destroyed church in the planned church. The Cross, some of the altar vases and much of the altar has been salvaged.

## Miss is Tuesday 'No Care'

Flora of Kila, Miss., called the ECHO News Monday afternoon to say that the deadline for submission of applications for the County "No Care" contest is February 24. Forms are available at grocery stores throughout the county.

\$75,000 sum to for the living outside of St. Louis and Waveland. No money will be awarded before March 1st. Distribution of funds will be on the basis of the "No Care" contest. The contest is for the best "No Care" contest. The contest is for the best "No Care" contest. The contest is for the best "No Care" contest.

Who should return to the person, or to a member of the family.

Through the luster of the giving of social teas in an acceptable and delightful custom along the Gulf Coast where church silver teas, charitable teas and social teas vie for attention. Teas may be elaborate or simple, but by the popularity of the beverage and its almost endless variety of types the hostess can with ease "rise to the occasion". Tea is said to be the most widely consumed beverage in the world. It is inexpensive, it isn't fattening, it grows best in tropical and sub-tropical climates, is a member of the camellia family, and more than 3,000 different kinds of tea come from the same plant.

For convenience in identifying, tea is divided into three types: Black, Green or Oolong. The teas that we drink are usually a blend of as many as 30 different varieties and states imported into the United States is of the highest average quality in the world. It has been since 1892 when the Tea Import Act was passed and now the Federal and Drug Administration controls this inferior tea. Tea must, therefore, be served proudly, black tea is produced through a process of oxidation or fermentation. At the peak of their aroma tea leaves are fired to retain moisture and stop oxidation. Oolong tea is partly fermented and the process is stopped sooner than with black. The green tea leaves are immediately subjected to the heat process to kill fermentation enzymes. Only Japan produces a top quality of green tea. Tea services, of course, vary with the occasion but always the home maker chooses with great care the service she will use and her room tea services are highly prized. The making of tea is not simply a matter of boiling water! Measurements must be accurate, steeping for flavor is important as to timing, and needless to say, hot tea should be served piping hot. This can be assured by pre-heating the cups in hot water to remove the chill before placing them on the tea tray.

Bigelow has come up with some pleasant innovations in tea. "Chinese Fortune" is a smooth tasting blend of choice tea. Sample size of 3.5 oz. bags comes carefully sealed in foil to preserve freshness. Bigelow also puts up a tin of "Constant Comment" flavored with rind of oranges and sweet spice. It is a blend of the finest mountain teas and is wonderfully rich and flavorful. One tea spoon full makes 8 cups. Why not spend some time in your favorite store browsing around among the labels and buy a variety of sample packages - in this way you can discover "your brand".

And speaking of the history of tea in this country -- forgive me if I do not go back to the Boston Tea Party -- you will recall the A. & P. Store started in business as a tea retail establishment. According to J. C. Watson, now re-

**National Census Scheduled April**  
At the end of March a letter is scheduled to be delivered to every household in the United States April 1, 1970 is "Census Day". About sixty per cent of all citizens will fill in their own forms and send them back. In rural areas where there are no street addresses the questionnaires will be left by mail carriers.

Every ten years the nation census is taken. The 1970 census asked only five questions, and as our nation becomes more complex more questions are asked about how we live, although the prime purpose of the census is to determine population count in order to set representation in Congress.

Information given in the current census is confidential, however the original records of 1790 and 1880 are open to the public and are in the National Archives in Washington. In a break-down about census questions it is estimated that a total of 67 questions will be asked to five per cent of the people; and 58 questions will be asked 58 per cent of the people and eighty per cent will answer 23 questions. The amount of time consumed in replying will be from 15 to 30 minutes.

At the current birth rate within the United States, Dr. Roger O. Egebert, national chief medical officer, said, "Current birth rate means building a city of 250,000 inhabitants every 40 days for the rest of the century." The value of our homes, the number of appliances, autos, bathrooms, and the extent of education and income all contribute to the economic welfare of our population. The Census has been termed a "two-way street" with benefits for everyone.

**FROM ANSLEY**  
MRS. AUGUST LADNER  
PHONE 467-7471

Mr. and Mrs. Paul Brown are busy tearing down what was left of their home after Camillo got through wrecking it, they are going to rebuild.

Barbara McLendon is sporting a new perm.

Mrs. Willy Green returned to Bay St. Louis after a week visit with her daughter and son-in-law, Lois and Alton Lohmer.

E. J. and Beverly Ladner have started on their new house.

Mr. and Mrs. Lyndon Lytle drove their uncle Mr. Nick Schwartz home from the Veterans hospital in New Orleans.

Lisa and Belinda Ladner are back in school after being out with the flu.

Ginger Hall and Dottie Perkins came by for August and I to go to the Carol Smith Show at Bay St. Louis High, which we enjoyed very much. Also Jimmie Ladner and Lyndie Ladner enjoyed the show.

Mr. and Mrs. Lyndon Lytle from New Orleans visited Mrs. Leona Green. Lyndon is a nephew of Mrs. Green. Also a newlywed.

Sympathy goes out to Andy Dille, he received news of the death of his sister Elizabeth English of Sharpville, Penn.

Leon and Bertie Lohmer stopped in for a chat on their way to Lakeshore to visit Bertie's Mother.

We are glad to see Mr. A. G. Dennis back at work after taking off with the flu. Also Larry Garcia and Hayard Deahle.

Bob and Catherine Little are busy remodeling the house they bought; Catherine has wonderful suggestions.

We were very glad to see Glyn and Chequita when they stopped in for a chat.

Mr. and Mrs. C.C. Newbig stepped in on their way home from the hospital. New Orleans. Mr. Newbig had a very serious operation but is doing fine.

**Writers Conference Scheduled March 5th**  
A conference of Mississippi Writers, sponsored by Gulf Park College, begins on March 5 for a two-day session. The conference convenes at 9:15 p.m. Thursday afternoon and following registration and dinner for participants, Borden Deal of Saratoga, Florida, will speak on "People in a Writer's Life".

Friday morning will be devoted to individual and group conferences.

W. Jack Crocker of Mississippi State College for Women will conduct the conference on Poetry. Babs and Borden Deal, the conference on Fiction. Dr. James W. Webb of the University of Mississippi, the conference on Faulkner.

Friday afternoon will be devoted to a panel of Mississippi writers who will discuss Writing - Past and Present. Elton Douglas of Greenville will serve as chairman of the panel. Charles G. Bell, poet and novelist from Santa Fe, New Mexico, will be a member of the panel.

Persons desiring further information regarding this conference may contact Miss Anna Mae Helton, chairman, Department of English, Gulf Park College, Long Beach, Miss.

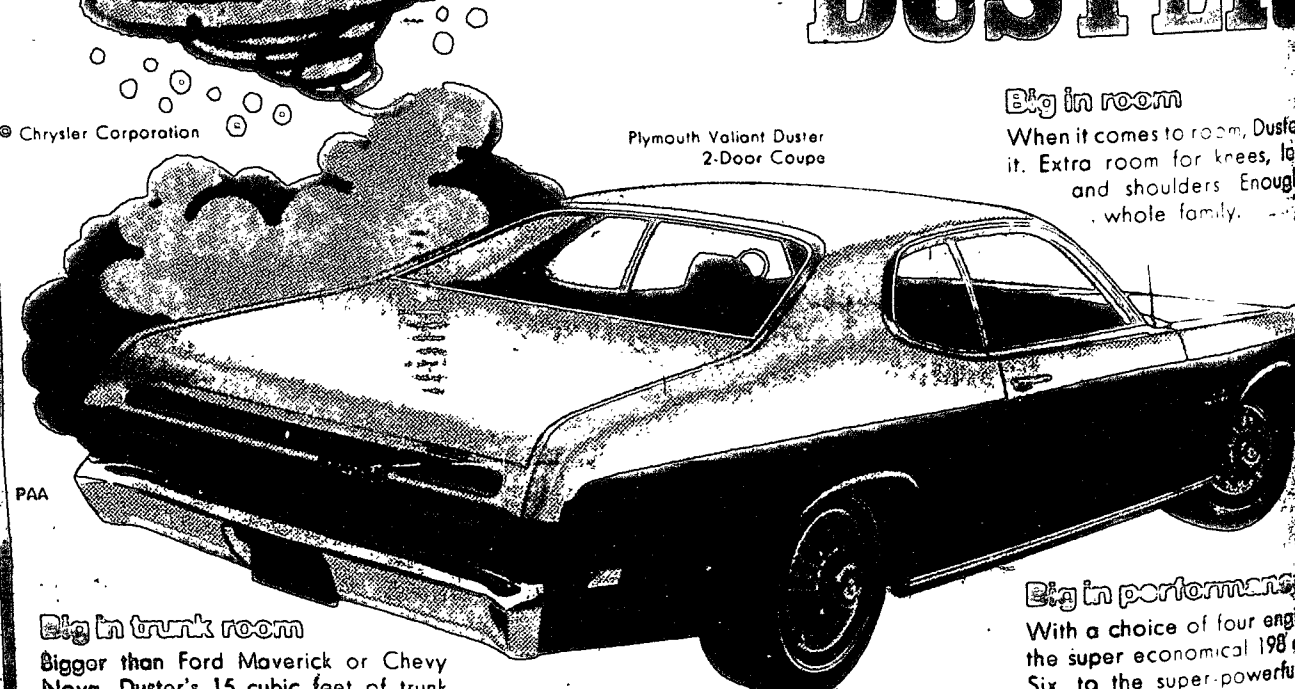

**TODAY'S CHUCKLE**

## Ole Opry Is Guaranteed Success

A Grand "Ole" Opry Show presented by the Hancock Heart Fund brought in three and four hundred dollars according to a report by Bart Stutzel and Jerry Smith, co-chairmen for that organization.

Jerry Smith, star performer with his leading ladies Amos and Judy Lee held attention of audiences during their performance and received a number of ovations and gifts. Two performances were given at the Bay Senior Center auditorium. Supporting artists included Ron Manley of Wiggins, Romeo Williams of Southern Mississippi and members of the New Orleans Saints football team.

In the ceremonies, Bill Smith, well-known in New Orleans circles kept the show moving in fine form and was overlooked was the auction made by B. J. Johnson (WRVV of Piquem) and the Revolver of Louisiana.

The selling of reports of the performance was sold off country music at its finest. The door receipts approximations were given in initial amounts by Mrs. Les Loderer also Buckner, Charles Russ, Peckham, Fred Croteau, Russell and the Gons Mitchell Auction Company.

The Heart Fund drive will continue at the end of February.

**M. S. MEET**

At the Gervonta Circle of the M. S. Society of First Baptist Church next afternoon in the home of E. C. Clark.

Bro. John Green, assisted members of the group, promote the program.

Bro. Clark discussed plans for March Week of Prayer and Missions.

## Waveland Notes

S. Garcia — Phone 467-4438

Mardi Gras has been a success, and now we wait for the peace and quiet. The waiting for the Easter parade is in our houses and very quiet. In our houses and very quiet. In our houses and very quiet.

the state of Oregon.  
Good luck, Gen!

In addition to running his business on highway 80, Jerry Laddner finds time to raise money for various charitable organizations. He is to be commended for his part in bringing the Grand Ole Opry show here. It not only raised money for the Heart Fund, a most worthy cause, but brought some fun and laughter to Hancock County after so much sorrow and devastation.

Mrs. Alberta Cuvoo of Lower Bay Road has been ill, and her many friends hope she will soon be well. "Miss Alberta" as she is known to hundreds, retired from Hancock General Hospital last year, after 28 years of devoted service as a Licensed Practical Nurse, beginning way back at the old King's Daughters' Hospital. If all the babies and their parents, Miss Alberta nursed at one time or another, would gather in one place, there is no place around here large enough to hold them.

Your Heart Fund donation goes a long way to help in the field of research. In recent years Heart Disease is not the killer it was years ago, thanks to information given freely to the public on the proper care of the heart. Ask your doctor for this literature.

To my way of thinking doctors never get enough thanks or praise for the many weary hours they devote to the care of the sick. Somewhere along the line I remember seeing a little poem that goes like this:

THE SICK MAN  
Help me dear God, I'm dying and sick,  
Doctor, dear Doctor, drop all and come quick,  
Restore me dear God, and I'll sing your praise,  
And I'll remember you Doctor, the rest of my days.

The Lord heard his plea, the doctor came quick,  
In a few days the man was no longer sick.

The doctor sent his bill, the man said "How rotten!"  
And God and the Doctor were soon forgotten!

J. C. (The Barber) Schubert is remodeling his place on second St. and fixing lovely living quarters above his barber shop and Mrs. Schubert's business, Sue's Drive In. Making it convenient for all.

We so often hear people say "Give me the good old days. That was really living." We housewives are perfectly satisfied with these days. Modern stoves with electric timers, central heat, an abundance of hot water, etc. The following is taken from a piece in the Book "Our American Heritage" by John Newton Culbertson.

The kitchen was a large room with a porch on the East and West sides. The North end was taken up by a wide chimney, in which hung a crane for pots and kettles; a wide stone hearth

Louise Talliac will open her gift and practice. The shop was completely destroyed during the fire. Louise's praline, what you should try.

Well wishes are extended to Ed Green, who has been in Hancock General Hospital for some time.

Scout cookies are always popular and tasty. The proceeds are used for a very good cause, the up-keep of the Scouts. The Girl Scouts are around knocking on doors, beginning Feb. 21st, through Feb. 28th. No excuse for a cookie jar to be empty!

Mr. and Mrs. Laddner and children were in the hospital this past week.

## 'Round the Kiln

By Claire Mitchell

467-7890

Congratulations to Hancock North Central boys and Paces Christian girls teams, who were winners of the grammar school invitational basketball tournament held at Annapolis School last weekend. A special thanks to all who helped to make this event a success.

Saturday evening masses will begin in Annapolis parish this coming Saturday.

DEC ELLIOTT received a 35-year service pin for his work with Boy Scouts from Taylor Chandler, Chairman, Organization Committee, Sildell Area, Boy Scouts of America, during ceremony at Sildell last week. Waveland, Bay St. Louis and Pass Christian are a part of the Sildell Area. Elliott who has served in many training and leadership posts in Scouting is now a committeeman for The Waveland Ship Sea Scouts.

lay in front of the fireplace. Much of the cooking was done in what was called Dutch Ovens.

A shovel of red hot coals was packed out from the fireplace, onto the hearth, the oven (made of cast iron) was set on the coals, the food put in the oven, a shovel of hot coals placed on the lid and the cooking began. Bread and pies were baked in an oven built outside of brick and mortar.

When the oven was needed for baking it was filled with wood chips, which were set on fire and left burning until the wood was consumed. Then bread and pies and cakes were put in on a rack, the oven door securely fastened and the baking began.

And this was the woman's job!

The Waveland Roller Rink just past Bourgeois' Grocery, is now running full time with seasons on Friday and Saturday night from 7 to 10 p.m. and a matinee on Saturday from 2 to 5. This is clean, well chaperoned fun and skating has no age limit. If you have ever roller skated you will really enjoy skating on a good floor, to good music. Skate shoes are available in all sizes. This is a recreation the whole family can enjoy together. Beginners are also welcome.

By L. S. (Doc) Elliott

Glad to report that fresh water fishing has improved - bass and perch are being caught on worms and live minnows, mostly on the bottom. A few are being caught on the fly rod and by casting. As the weather warms up and gets warmer we can look for some good fresh water fishing.

Speckled bass seem to have dropped biting most everywhere in the river and bayous. Some are being caught in the marshes where speckled and red fish will be caught from now on.

The end of this month should usher in cold crabs and floundering. These sports are a lot of fun and help out on the eating budget.

Baiting is practically over until next year. Clean the old blunder bust and put it away.

In my way of thinking the good old summer time is the best. A man's fancy turns to fishing, fishing, fishing, floundering, frogging and crabbing, etc. Our waters clear, tides become normal, fish bite better. There is nothing better than camping outdoors. Ever try it?

Mr. and Mrs. Archie Whitlow love their fishing. They go every Wednesday, somewhere and bring home some fish for the table. Real sports, too.

Elder Cusins is a hunter and fisherman. When not working with K. J. Breland, building piers you will find Elder in the woods or on the water. He got his share of rabbits this season.

Chas. LaFontaine is a good rabbit hunter. He says it's a real sport when you have real dogs. I agree with you, buddy.

Another couple who love the outdoors and fishing are Paul and Shirley Futtrup. They are back in the Bay after being away for a while.

Raymond F. Gremillion who resides in Belle Isle at Pearl-Lanier catches fish in his back yard. Ray lives on Bayou Coward. Anthony Cusmans, age 11, his grandson caught a 2 1/4 pound bass. He was a happy boy.

Walter Crawley of Waveland enjoys any kind of fishing. He goes on every occasion. Walter caught some beautiful speckles in the pipe line canal down Ancho way last week but says they are gone now.

Rubio Griffin and his son Pat, do their share of fishing, any kind. They use their speed hull to good advantage, sharing it with their friends.

## Wildcats Wind Up Season With 8-18 Overall Record

The Pearl River Junior College Wildcats, in their last regular season game, fell to University of Southern Mississippi Freshman 86-88 in Poplarville, Thursday night to wind the regular season up with a 8-18 overall season record.

The 8-18 overall coupled with a 6-6 conference record to the best season the Wildcats have posted in the two previous years, and considering that this was the rebuilding one, the Wildcats have put on a good showing.

The USM Freshmen held a narrow 8 point lead at the half and widened that margin in the second half with four of their men posting scores in the double figures. They were: Bobby Bowden, 24 points; Tom Edwards, 24 points; Ed Thomas, 18 points; and Al Lewis, 18 points.

The Wildcats, starting off slow in the first half, led the game in the double figures—Wallace Carbone, 17 points; Freddie Jordan, 17 points; David Lawrence, 15 points; Ricky Miller, 12 points; Alvin Simmons, 11 points; and Dennis Wilson with 10 points.

The Wildcats cagers dropped their last conference tilt of the season last Monday night to a determined Hinds squad 86-67 after holding the Eagles to a six point lead at the half.

With several of the Wildcat cagers out with the flu, Coach Miller Hammill felt that the squad played a good ball game against Hinds which is currently tied for the Junior College conference lead, with Park, in the South Division.

Four men in the double figures and a remarkable 92% of the free-throws helped the Hinds squad to a victory over the Wildcats. Hitting in the double figures for the Eagles were Steve Ralston with 18 points, Buck French with 16 points, Paul Jamison with 16 points and Jed Greco with 11 points.

Leading the attack for the Wildcats were Wallace Carbone with 20 points, Freddie Jordan with 18 points and Ricky Miller with 18 points.

Leading the defense for the Wildcats were Wallace Carbone with 20 points, Freddie Jordan with 18 points and Ricky Miller with 18 points.

**SPORTSMAN OF THE WEEK**  
Billy Bailey is another of those guys who enjoys his fishing. Bill is also a lover of dogs as you can see from the picture. Work be long now before things straighten out, fellow.

Jeannie Stewart is now at Laynes Lounge. Jeannie is always glad to meet her friends.

John Scuffie, Jr. Pat Griffin and Yours Truly caught over 80 perch and goggle eye while fishing with earth worms. 7 fresh water cat fish were added to the collection. They fished up Pearl River way.

Luke and Sue Elliott enjoyed their 25th wedding anniversary at the Grand Bahamas. They played golf and Luke did some fishing.

Robert (Bub) Genin enjoyed a quail hunt at Sunrall, Miss. Bub was the guest of John Harper, a former school mate. They got a few quail.

Kerry Corr is one of our younger fishermen. He is the son of Mr. and Mrs. Donald Corr. He takes behind his grandpa, Bob Genin, when it comes to fishing.

Geo. Wamacher has a camp in Shoreline Park. He lives in Hattiesburg and uses the camp to do his fishing. His buddy is Ben Miller also of Shoreline Park. Both are busy fixing their homes damaged by Camille.

Gens Leuder landed a couple of nice green trout. Gens uses live minnows for bait. Minnows are easily caught, stay alive for some time when carried in an ice box or container in the water in which they are found. A couple of aspirin helps wonderfully for keeping them alive. They are good for catching

**RESTOCKING FISH** in Bogalusa Bay last week by the Game and Fish Commission. Pictured (L-R) are George Doss, Commission supervisor; C. A. Rung III, Beat 1 Supervisor; C. J. Cameron and Patrick Teassey, Hancock County Game Wardens. Approximately 375,000 sun fish and blue gill were stocked in the Pearl and Jourdan rivers, Rotten Bayou, Bogalusa Bayou and Bayou La Croix. Fish used for restocking were two to three inches long which in ten months will grow to about three quarters of a pound.

most any kind of fish. A minnow trap, palm or cast net is best for getting them.

Now is the time to clean up that floundering light. It is a good idea to change the generator each year. Better light results.

Hard crabs are beginning to give. Caught some the other day. Freeze fish heads they make

wooden bait for catching crabs and cost nothing.

Earth worms can be purchased at several places and are perfect for catching perch and bass. Make a box, lined with screen wire, and lid. Worms grow on corn meal, coffee grounds and a little fertilizer.

Bob Fleming is a good pool player. He wins occasionally

when shooting from behind his back.

Pete and Toody Noto have been catching some speckles up to last week in the pipe line canal. Toody tried using a popping bug as a trailer with a plug. It worked he said.

Alden Mauffray made it a day Sunday going for fresh water fish. You can bet he came home with his share.

**LAMAR-LANE CHEVROLET SALESMAN HERB BARON** DELIVERS MR. L. A. CARTER HIS NEW 3/4 TON CHEVY PICKUP TRUCK.

Mr. L. A. Carter of DeLisle, Miss., was in need of a new truck. He had been roading and hauling about all the good deals the folks have been getting at Lamar-Lane Chevrolet, so he paid them a visit, and talked to Herb Baron. Herb Baron proved that the old and taciturnals of happy customers were right and Mr. Carter has several friends about to buy cars and trucks and to be sending them to see Herb Baron at Lamar-Lane Chevrolet to save time and money. People are finding out everyday about the good deals given on new cars and trucks at Lamar-Lane Chevrolet. If you're thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and ask for veteran salesman Herb Baron, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. Mr. L. A. Carter (A Gerry Lane Enterprises) Adv. DeLisle, Miss.
